

CCTV Starter Kit

**Price Installed ¹
\$2,530.00 Includes GST**

Kit Description

This **CCTV Starter Kit** is designed for the home or small business where protection of property, family, customers and staff is important.

This unit utilises the latest industry standard H.264 video compression to enable high quality video recording for longer durations. The system can be linked to your existing security system to activate alarms when motion is detected.

The four cameras included are perfect for indoor and outdoor applications as well as being able to see in very low light thanks to the built Infra Red illuminators.

Features and Benefits

-  High Quality H.264 recording for 8 Ch
-  Large 320 GB HDD
-  Large 19" Colour LCD Monitor
-  Viewed over your Network or remotely over the Internet
-  4x CCD cameras with Infra-red low light vision with audio included
-  Built in audio Recording
-  Archive to USB devices
-  Time and Date Search
-  Video Motion
-  Alarm outputs (to your Alarm Panel)
-  Linux stability
